Old Tucson . . . Locale Of "Arizona"

The adventure and the glory of America in the making are to be found in this spectacular scene from Wesley Ruggles' "Arizona," which opens Sunday at the Daly City theatre. Jean Arthur and William Holden, inset, are principals in a cast which includes Warren William and Porter Hall.

Westlake Sponsors Huge Food Show

Original Mammoth Food Shows, Westlake Market version, is here with scores of bargains you can't beat!

Westlake Market, at Miriam and Westlake avenues, will sponsor the big show here tomorrow (Saturday).

Don't crowd, folks, but the Show is something you won't want to miss. Besides entertainment for Mr. and Mrs. Customer, tomorrow there will be given away a large shopping bag of groceries at 11 a. m., 1 p. m., 3 p. m., and 5 p. m.

"Be sure to register for the Daly Dividend. You must be present to win," the proprietor said.

Bob Fessenden and Joe Hoffman, in charge of the grocery and meat departments respectively, pride themselves on the personal service they give each customer.

"Come into our store and sample the service and the bargains; we guarantee that you'll be pleased," said Bob and Joe.

Proxies for Over-Parkers

"Why waste valuable time appearing in court?" asks the AAA Proxy service of New York city in offering a new service to motorists who have been tagged for overtime parking. For a dollar the outfit will call for your summons, pay your fine and return the paid receipt.

Daly City's Oldest, Yet Newest, Market

Spring Valley Market, 198 Los Banos avenue, one of Daly City's pioneer markets originally opened in 1919, is today one of the most modern food marts in this community.

Lou Galletta, a young local grocer with ten years experience here, recently took over the grocery department at Spring Valley. Galletta and Quinto Barsotti, proprietor of the meat department, have just completed remodeling and redecorating the store.

In a thumbnail description of Spring Valley Market, Galletta said today, "Our store is styled for customer convenience. We have a complete line of all grocery items, garden fresh fruits and vegetables, quality meats. Throughout the store housewives find prices that make budgets go farther. We feature phone orders and free delivery."

First Class Postage

After impatiently waiting six days for a passenger ship to take him from Guernsey to Alderney, an English channel journey of 20 miles, resourceful Major L. Palmer solved the problem by "mailing" himself. He labeled himself "parcel" and was delivered to his addressed destination by a postman assigned to look after the "package."

Puerto Rico's Climate

The average nighttime temperature of Puerto Rican mountain towns like Albonito, Cidra, Isabela, Jayuya, Maricao and San German is 65 degrees.

Perishable Baking Powder

Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

Courtesy and Justice

District Judge C. D. Murane of Casper, Wyo., one day complained of the noise from a truck engine being tuned up just below the courtroom window. After silencing the disturber, the bailiff of the court noted frequent locomotive whistle blasts near the courthouse. So he wrote a letter to the railroads ordering them to silence their whistles. Worried railroad officials called the judge and said they would be glad to comply with the order but there was a city ordinance that required them to blow whistles at crossings. The judge, who hadn't heard about the letter, told them to go right on whistling.

Multi-Headed Hammer

A newly invented hammer patented at Berlin is provided with any number of heads.

Perfect Temperature

Colossal cave, near Benson, Ariz., has been explored for 39 miles. It is without moisture and the temperature remains at 72 degrees the year around.

Not So Barren After All

Although commonly regarded as one of the world's most barren areas, New York city has 2,250,000 trees within its limits, according to the department of parks.

HOME-MADE PIES

Just added to our array of delicious 7-inch pies are loganberry and youngberry—for only 20c.

Trade Marks Go Medish

American women from Maine to California may become walking symbols of American industry. One fabric manufacturer has begun selling dresses and yard goods in which 14 nationally known trade marks constitute the printed, all-over design. Patterns include the greyhound of a bus company, the bell of the telephone company, and the Indian of a motor car.

Glass Blowing Art

In Mexico live many families of glass blowers whose ancestors were taught this old Venetian art by the Spanish conquistadores. Some of these families live far in the country and the glass, after being blown by the men of the family, is brought to the cities by burro train.

Banking Functions Change

Between 1929 and 1939, loans of all American banks decreased nearly one-half, from 42 billion dollars to 22 billions, while investments of banks have nearly doubled from 15 billion dollars to 28 billions, government statistics reveal.

U. S. Army Organization

The United States army consists of the regular army, national guard and organized reserves.

Ticket Trickery

If you can get a traffic ticket "fixed" in your town the chances are that more serious offenses are also being condoned, according to the National Consumers tax commission, whose tax reduction drive seeks additional municipal economy and efficiency.

Algeria's Government

Algeria is governed directly by the French parliament, in which it enjoys representation.
